

Product Technical Data Sheet

Tactical Paracord Lanyard with Elastic Spiral Cord

A tactical anti-loss lanyard designed to secure keys, fishing accessories and small outdoor tools. The elastic coiled cord offers flexibility and quick access, while helping prevent accidental drops or loss during use.

Key Features

- Braided nylon paracord exterior for enhanced durability.
- Elastic spiral cord for flexible extension and comfortable handling.
- Internal steel wire reinforcement for added strength and reliability.
- Lightweight metal hardware with good resistance to rust and corrosion.
- Quick attachment system for belts, backpacks, bags or gear loops.
- Anti-loss design suitable for tools, keys and small accessories.

Technical Specifications

Specification	Details
Product Type	Tactical Paracord Lanyard
Main Material	Braided Nylon Paracord
Reinforcement	Internal Steel Wire
Cord Type	Elastic Spiral / Coiled Cord
Hardware	Metal Clip and Ring
Function	Anti-loss / Safety Retention
